## **Subject: General Rate Increase (GRI) Announcement**

Dear Valued Customers,

Due to the recent escalation of geopolitical tensions in the Middle East and the resulting surge in bunker fuel costs, operating expenses across the shipping industry have increased significantly.

In response to the continued increase in fuel costs and to maintain sustainable service levels, T.S. Lines will implement GRI on top of current freight rate level for all trades as follows:

**Long Hauls GRI quantum (Head Hauls and Back Hauls): USD300 per Teu**

**Port of Loading: Except China Ports and Hong Kong**

**Effective Date: March 23, 2026 (On Board Date)**

**Port of Loading: All China Ports and Hong Kong**

**Effective Date: March 30, 2026 (On Board Date)**

Remark:

- a. Applicable to all cargo unless otherwise specified.
- b. All other applicable surcharges remain unchanged.
- c. The surcharge will remain in place until further notice.

We highly appreciate your understanding and continued support during the extraordinary situation and remain committed to providing reliable and efficient service.
